# Entrepreneurs Wanted!

Northern Hot Tubs was formed to provide our fellow Canadian friends and neighbours with an affordable and enjoyable luxury backyard hot tub experience that we understand, and they deserve. We were born in the North, grew up there, and still live and love the North. We know Canada - harsh winters, sure, but happy summers and hot tub customers too! That's why we build our hot tubs to withstand a climate that we know - so our customer can weather the snow and relax comfortably with rejuvenating hydrotherapy for many years. Northern Hot Tubs exude quality, comfort, energy efficiency and ease of use, and they are manufactured with Canadians in mind.

Our founders have been in the hot tub business since the beginning and understand the trials and tribulations of running a profitable hot tub company. We make it smooth; we keep it simple; our plan is straightforward. Excellent products, outstanding prices, professional marketing, substantial support and strong execution.

If you are entrepreneurial-minded and curious about learning how we are taking a fresh approach to the hot tub business, let's talk.

## Regional Distributor Opportunity

We are looking for fun and like-minded entrepreneurs that can professionally display, market, sell, install and service end users PLUS distribute to Dealer Partners in areas that are traditionally too far to install and service. If you are currently in the hot tub business and can warehouse hot tubs, this could be a life changing opportunity.

## Dealer Partner Opportunity

We are looking for fun and highly motivated Dealer Partners that can professionally display, market, sell, install and service Northern Hot Tubs. If you are currently in the hot tub business great! If you are new to the hot tub industry but not new to business, our Dealer Partner program may be the perfect way to grow.
